we offer employees a choice among four different medical plans. coverage under all plans includes comprehensive medical care and prescription drug coverage.

**EPO In-Network Only (Blue Shield of CA Network)** — The EPO plan is similar to an HMO, in that you may only visit physicians and hospitals within the EPO network. Services received outside the network are not covered, except in the case of emergency medical care. With the EPO plan, you are not required to select a Primary Care Physician (PCP).

**PPO (Blue Shield of CA Network)** — This plan gives you the freedom to seek care from the provider of your choice. However, you will maximize your benefits and reduce your out-of-pocket costs if you choose a provider who participates in the network. The calendar-year deductible must be met before certain services are covered.

**HSA (Blue Shield of CA Network)** — Like the PPO Plan, the High-Deductible Health Plan (HDHP) gives you the freedom to seek care from the provider of your choice. You will maximize your benefits and reduce your out-of-pocket costs if you choose a provider who participates in the network. In addition, the HDHP comes with a health savings account (HSA) that allows you to save pre-tax dollars to pay for any qualified health care expenses as defined by the IRS, including most out-of-pocket medical, prescription drug, dental and vision expenses.

You may contribute to your HSA through pre-tax payroll deductions to help offset your annual deductible and pay for qualified health care expenses. In addition, we will contribute $750 annually to your HSA if you enroll in employee-only coverage and $1,400 annually if you enroll yourself and one or more family members. To be eligible for the HSA, you cannot be covered through Medicare Part A or Part B or TRICARE programs.

**Important:** Your contributions, in addition to the company’s contributions, may not exceed the annual IRS limits listed below:
